

METTAL SAFETY INITIATIVES

The Mettal safety initiative **SAFE** is vital in everything we do:

SAFETY 1ST

Before you undertake anything, always ensure Safety comes 1st.

ACCOUNTABILITY

The acceptance of responsibility of your own actions – with a willingness to be transparent.

FLEXIBILITY

The ability to adapt and adjust to changing Legislations, Requirements/ Standards and Environments.

EXPECTATIONS

Zero Harm & Excellence.

As part of our continual HSE Improvements we also work with the **PDCA initiative** **PLAN, DO, CHECK, ACT** These actions should run continuously and never stop. **SAFETY 1ST**

PLAN

Policies, Procedures, Planning.

DO

Risk Profiling, Organising, Implementing all Plans.

CHECK

Measuring Performance, Investigating Accidents and Incidents.

ACT

Reviewing Performance, Lessons Learned.
